PIAGGIO VESPA GTS 300 • PIAGGIO MP3 300 • PIAGGIO BEVERLY 300

PRICE:
€ 280,00 (VAT excl.)

PART NUMBER:
P400480100004

INCLUDED IN THE KIT:

- Cylinder
- Piston kit
- Gasket kit

Athena presents the new **75 mm bore** cylinder kit for the Piaggio engines, developed for the most popular 300cc maxi scooter models, from 2005 to present models, including Vespa GTS, MP3, Beverly, X7, X8, X9 *.

Thanks to the aluminum cylinder, pistons are now nickel coated, with optimized shape and coupling clearance.

These brand-new steel segments guarantee **less noise, optimal surface finish** and **longer life**.

All the components of the kit have been developed to withstand the highest temperatures, pressures and stresses. The original components are completely interchangeable and have been validated by Athena technicians with **severe bench and road tests**.

This cylinder kit can be installed without making any changes to the engine crankcase.

* Discover all applications for every model year on our shop.athena.eu site.

TECHNICAL DATA

	OEM	KIT ATHENA*
DISPLACEMENT	278,3 cm ³	278,3 cm ³
