

**RESOLV.BIKE** • THE FAST WAY TO CLEAN YOUR BIKE

MADE IN ITALY

## RESOLVBIKE • THE FAST WAY TO CLEAN YOUR BIKE

Hello, I'm Stefano Casadei.

Through my entrepreneurial choices, over the years I have gained long-standing experience in the field of industrial detergents and thanks to my passion for all bike sports, I decided a few years ago to venture into this sector too.

We can all have great ideas, but only a few of us have the good fortune and ability to be able to implement them.

In my case, despite my experience, I had to work hard to create a line of professional 'made in Italy' products with low environmental impact for cleaning bikes and sports clothing and accessories. To do so, I had to take a huge leap of faith, relying above all on the uncompromising judgment of final consumers which, over time, has driven us to improve day after day.

In fact, to my huge satisfaction, in just a short space of time the response from fellow bikers after using our products has been so enthusiastic that I soon came to realise I had really made inroads in the area I love most.

Since then I haven't stopped and thanks also to my invaluable staff, I still personally create and test all new products to continue to meet the needs of my biker friends, increasingly convinced that directly testing Resolvbike products is our best publicity.

Thanks to this catalogue, ResolvBike wants to take another "bunny hop" forward towards even better quality, with the goal of being able to help all sportsmen and women.

Best wishes.  
Stefano Casadei

# RESOLV®BIKE CLEAN

An innovative formula that helps bikers take care of their bike and all its sports equipment. Easy to use: wet the bike, spray Resolv®Bike Clean on all parts and leave for several seconds before brushing, rinsing thoroughly, drying and lubricating the parts that need it.

- Concentrated in a single product, its special formula is exactly what you need to make all parts of your bike look like new.
- Each surface is treated gently, without leaving any trace of dirt.
- As it does not contain solvents or caustic substances and its composition is purely natural, it is eco-friendly, a completely new feature for such a powerful degreaser.
- Reusable container with concentrated refill.
- High-performance and durable professional spray nozzle.
- NANO Technology Protection leaves a protective film on surfaces, creating a barrier against dirt that will facilitate subsequent washing.

Use to thoroughly clean:

- Plastic and rubber parts.
- Aluminium, metal and alloy parts.
- Brakes, discs and chrome plating, without fear of ruining them.
- Wheels and hubs, tyres, saddles, grips, tyres and innovative natural fabrics, such as special compounds, Kevlar and leather.
- Chains and mechanical parts: direct cleaning, foamed or in the chain washer.
- Helmet, protectors, shoes and technical clothing with surprising results.
- Dissolves persistent and stubborn dirt.
- Its special formula doesn't harm paint, special metals, alloys or even fabrics.
- Frames, paintwork and decorations shine again and are better protected.

# RESOLV®BIKE MAGIC EXTRACT

I MONODOSE = I LITER

85ml = 1000ml

Formati disponibili:

The first all in one cleaner is now also in hyper-concentrated form!

Our flagship product becomes hyper-concentrated and even greener. The format of the 80gr monodose allows you to make 1000ml of product as the original.

The Tech Spray + 2 monodose of Magic Powder bundle allows us to reduce packaging by more than 90% compared to the same quantity in the classic bottles, with the plus of having a professional reusable pump.

Formato	Descrizione	Qt. X Imballo	Codice
85ml	1 monodose	120	1017-14
85ml	2 monodose	14	1017-15
1500ml	Spray Tec + 2 Bustine	8	1017-16

# RESOLV®BIKE CLEAN 4C

This concentrated version of our Resolvbike®Clean means you can refill our container following the instructions on the bottle and even create a more or less aggressive version, depending on its intended use. Available in 1l (4 litres of product) and 500ml (2 litres of product) versions.

1000 ml

500ml	Refill 500ml=2lt	8	1501-5
1000ml	Refill 1lt=4lt	6	1011-8

# RESOLV®BIKE DRY CLEANER

Dry cleaner ideal for cleaning electric and muscle bikes. It does not require the use of water, but only the aid of a damp cloth for a surprising and safe result. Very simple to use, in fact, just spray it on the parts to be cleaned, and use a NOVOCLEAN damp microfibre cloth to remove loose dirt.

DRY Cleaner Thanks to nanotechnology, it leaves an invisible film on the treated parts, making them more resistant to dirt and thus facilitating subsequent cleaning, making it suitable for all types of bikes.

# RESOLV®BIKE PUMP IT!

125 ml

200 ml

Available formats:

PUMP IT! is a rubber-based product specifically for repairing punctures.

Easy to apply, the liquid quickly repairs the puncture from the inside, allowing you to restore the inner tube, tubeless and tubular tires in a very short time.

Inflate and repair all types of tires with and without tubes, without damaging them.

Compatible with Presta/Schrader/Regina/Dunlop valve.

Format	Description	Pack quantity	Code
125ml	Suitable for MTB and E-MTB	12	1800-1
200ml	Suitable for FAT and MOTO	24	1800-2

# RESOLV®BIKE TALLONATOR

100 ml

Available formats:

Specific product to facilitate the beading of the tire on the rim. Particularly suitable for carbon rims.

Format	Description	Pack quantity	Code
100ml	Applicator stick	12	1800-3

## RESOLV®BIKE BRAKE

Specific spray for disc brakes and pads with anti-fog additive. Specially formulated to clean brake discs and pads from oil, grease, sludge and scale deposits. Very powerful jet spray that immediately eliminates dirt. Evaporates quickly and leaves no oily residue. Does not damage rubber and plastics.

## RESOLV®BIKE SHINE

Polishing silicone protective agent for frames: prevents corrosion caused by atmospheric agents, forming a long-lasting protective film. Prevents acid-alkaline substances present in sweat from damaging the enamel of the frame or the shine of the chrome plating. Particularly suitable for lubricating and protecting O-RING rings and rubber gaskets.

## RESOLV®BIKE RAPID

No-rinse cleaner for frames, carbon, glass, masks, lenses, plastic, etc. Multi-purpose, concentrated water-based foam spray cleaner.

## RESOLV®BIKE MULTISPRAY

Spray with 7 properties: lubricant, detergent, release agent, protective, water-repellent, rustproof, anti-freezing. A Swiss army knife-style product you can always keep close at hand.

Format	Description	Pack quantity	Code
500ml	BRAKE	12	1010-2
500ml	SHINE	12	1010
400ml	RAPID	12	1010-1
400ml	MULTISPRAY	12	1017-1
400ml	E-BIKE CONTACT	12	1010-9

## RESOLV®BIKE E-BIKE CONTACT

Ideal for cleaning the electrical and electronic components of your e-bike. Removes oxidation and dirt without leaving residue, restoring electrical conductivity. Long-lasting lubrication and protection against corrosion.

## RESOLV®BIKE LUBE R1

Lube R1 is an oil spray for transmissions, gears, chains and bearings containing PTFE. It lubricates dry, provides long-term protection against wear and does not attract dust and dirt. Long-lasting resistance against atmospheric agents. Excellent mechanical and thermal stability.

## RESOLV®BIKE LUBE FORK

Lube Fork is a lubricant to improve the smoothness of fork stems. It does not damage paints, metals, plastics or elastomers as it is completely free from aromatic hydrocarbons.

## RESOLV®BIKE LUBE R2 WET

Lube R2 is an oil for chains, bearings and transmissions that is suitable for extreme conditions. Recommended for use in wet and muddy conditions.

## RESOLV®BIKE LUBE R3 POLAR

Lube R3 is a superior-quality, synthetic chain lubricant with high viscosity and low friction coefficient. It contains anti-corrosion additives. Suitable for all weather conditions. Keeps chains clean and removes the layers of carbon deposits left by previous lubricants.

Format	Description	Pack quantity	Code
200ml	LUBE R1	12	1010-4
100ml	LUBE FORK	12	1010-8
100ml	LUBE R2	12	1010-6
100ml	LUBE R3	12	1010-7

## RESOLV®BIKE LUBE RE e-BIKE

Completing the e-bike range is LUBE Re, a top-quality scented lubricant consisting of 100% vegetable diester. It has a very low friction coefficient and performs extremely well under the stress typical of pedal-assisted bicycles.

## RESOLV®BIKE LUBE RC COMPETITION

Lube RC Lubricant consisting of 100% vegetable diester. Very low friction coefficient and very high performance under strain and stress. Ideal for competition use.

## RESOLV®BIKE LUBE CE WAX

**NEW  
PRODUCT**

**Available  
formats:**

Wax-based lubricant specifically designed for more accurate and long-lasting lubrication with the characteristic of keeping the chain cleaner than traditional lubricants, even on long journeys. Suitable for competitive use on both MTB and racing bikes.

Format	Description	Pack quantity	Code
100ml	LUBE Re	12	1011-6
100ml	LUBE RC	12	1011-7
100ml	LUBE CE	12	1010-17
250ml	LUBE CE	15	1010-18

# RESOLV®BIKE ZERO

500 ml

5 Lt

Available formats:

Resolv®Bike ZERO is a sanitising solution made using 100% natural ingredients, ideal for eliminating the bacteria that cause bad odours from shoes, helmets and clothing in general. ZERO is completely non-toxic and is not aggressive on the skin; it is ideal for those who want their sports equipment to always be perfectly hygienic without having to wash it too frequently, which tends to damage padding and materials. ZERO is a product that revolutionises the concept of hygiene; it sanitises and cleans by dissolving unpleasant odours wherever it is sprayed. ZERO contains 100% natural antimicrobials derived from glycerine plant extracts and is completely non-toxic.

PRODUCT

# RESOLV®WEAR

## “How can bad smells be eliminated from sportswear?”

RESOLV®WEAR is a specific technical detergent for technical sportswear that removes odours and leaves a pleasant fragrance on garments keeping them soft and protected, with colour-saver.

RESOLVWEAR washes, regenerates and sanitises all types of technical sportswear and accessories in synthetic and natural fibres. Designed to be effective even at low temperatures (30°). Removes unpleasant odours, leaving its particular fragrance that is long-lasting and has a deodorising effect.

- Features:
- Sanitising, contains a molecule derived from lactic acid that eliminates unpleasant odours, fixing itself in the tissues and reducing their formation.
  - Specific for synthetic fabrics and microfibers, it is designed for technical garments and keeps fibres soft and protected.
  - Colour-saver, respects and maintains the original colours of technical garments.
  - Does not require softener, which may contain allergens or sensitizing chemicals.
  - Active even at low temperatures or in cold water.
  - For items of clothing that are only sweaty, a simple hand wash suffices and garments are perfectly fragrant in just 30 minutes, without the need to machine wash.
  - Foam-retarded detergent.

Available in 2 fragrances.

Available formats:

Format	Description	Pack quantity	Code
100ml	Sachet Fragr. X	48	1007-2
1000ml	Bottle Fragr. X	6	1007
5lt	Tank Fragr. X	4	1007-4
10lt	Tank Fragr. X	1	1007-6
20lt	Tank Fragr. X	1	1007-8

### • FRAGRANCE X

The famous original fragrance as SIXS garments, specifically developed in collaboration with the company to renew the fragrance at each wash, enriched with molecules that keep the technical fibres soft and intact without the need to use fabric softener and reduce the formation of bad odours while wearing them.

100 ml

20 Lt

Available formats:

#### • FRAGRANCE ACTIVE

The HEAD NOTE of the fragrance is dominated by an intense fresh and mentholated scent in which the characteristic fragrance of eucalyptus and Siberian pine prevail, giving the composition an energising tone that is full of vitality.

HEART NOTE; persistent fresh and camphor-like notes blend with softer and muskier tones, combined with intense green hints and slight undertones of sweet flower.

BASE NOTE; the final part of the fragrance ends with the fresh and dynamic notes of eucalyptus, combined with the less intense but still recognisable undertones of flowers and moss.
